Subject: Mapping of Post-16 Provision in Barnsley

Hi,

Can you put me in touch with the right person please?

I have been commissioned by [REDACTED] to map all funded post-16 provision (employability, education and training) in the Borough. The reasons for this are to assess any gaps in provision in the local area, to create a comprehensive database that will initially be used internally by the Adult Skills team for signposting purposes, and ultimately to be published within an interactive map so that residents can search data directly online.

I am asking identified local providers including yourselves to please complete the attached spreadsheet and return to me. Please list *only* funded provision. Please do not merge cells. In the postcode column, please *only* enter the postcode, "remote" or "workplace", but if applicable you can add a note alongside.

It might well be that as the college main campus is not within Barnsley borough there is no relevant provision, but I don't want to jump to conclusions and risk excluding you. I'd welcome a chat with the right person, or if it's very simple, they could just complete and return the attached spreadsheet.
