About Us

RNN Group is an education and training provider, based in Rotherham town centre, meeting and delivering on the needs of thousands of employers, adults and school leavers every year and contributing at the heart of our communities.

As an inclusive organisation, we are committed to ensuring learners of all ages develop, learn new skills and achieve so that they leave the RNN Group fully equipped to move successfully into the workforce and a career that they are passionate about, in order to lead happy and fulfilled lives both personally and professionally.

We partner with employers across the region to develop our curriculum and ensure it is fit for the 21st century and the future needs of the local economy, as well as engage with employers through a variety of opportunities as a Group. Innovation is at the heart of our curriculum and ensuring skills development across our regions through this.

We also work closely with Local Enterprise Partnerships (LEPs), organisations representing the business community, trade bodies, local authorities and national government to contribute the best solutions to economic needs. Our partnerships are built on integrity and a focus on proactive and long-term development.

As a major employer with over 1000 committed and inspiring staff across our sites, working as one team, we contribute directly within our local communities of South Yorkshire and North Nottinghamshire where our campuses are based. We work at the centre of our local communities, contributing to civic life and economic renewal. Through events, volunteering and charitable efforts, we reach out to individuals and groups.

Finally, we offer commercial training options for employers and individuals, office space for short and long term business use by employers and their teams, as well as operating five commercial outlets across our sites which are open for members of our local communities to enjoy.

Office Spaces

Our office spaces based in our University Centre Rotherham (UCR) and Dearne Valley College are new additions to the Group's portfolio of services.

Both sites have been set up to support the growing trend of working remotely alongside the reduction in need for large office space and expensive long term lets by businesses as commercial operations continue to operate in a hybrid state of digital and face to face.

The sites have already had interested parties for the different opportunities they offer with Business Centre Rotherham (BCR) providing town centre office space and 7 Enterprise Way offering parking for companies as well as a state of the art gym, MUGA and salon on site for training opportunities in an area of high growth and development.
