Subject: Freedom of Information Request - the current digital strategy document(s)

Dear Sir/Madam,

I will be undertaking a research project on the topic of tertiary and adult education providers' digital strategies. May I be sent a copy of the current digital strategy document, or documents where there is differentiation, if they are not available on the corporate website's governance section?

Response

Thank you for your request for a copy of the College's current Digital Strategy.

The Digital Strategy is currently undergoing impact assessment and internal approval processes and has not yet been finalised.

The information requested is exempt from disclosure under Section 22 of the Freedom of Information Act 2000 (Information Intended for Future Publication). The College intends to publish the strategy following completion of the review and approval process.

We have considered the public interest test and recognise the public interest in transparency regarding the College's strategic direction. However, we consider that there is a greater public interest in ensuring that the final approved version is published once the review process has concluded, rather than releasing a draft document that remains subject to amendment.

If you are dissatisfied with this response, you may request an internal review by writing to complaints@rnnngroup.co.uk. If you remain dissatisfied following the internal review, you have the right to complain to the Information Commissioner's Office.
